

EXPERIENCE. FLEXIBILITY. RESPONSIVENESS.

We believe successful partnerships are the measure of our success and the value of a deal with Patriot Capital.

Patriot Capital is a family of private equity funds focused on debt capital and minority equity investment opportunities in small and medium-sized privately-held companies having minimum annual revenues and EBITDA of \$10 million and \$3 million, respectively. We typically invest between \$5 million and \$25 million in each transaction. In combination with our Limited Partner network of banks and institutional investors, our fund structure allows us to have maximum flexibility with our companies to meet their capital needs.

We support both sponsored and unsponsored transactions. We work closely with management teams and equity sponsors to structure the financing that best meets the business requirements. Our senior deal professionals each have over 20 years of diverse investment experience and experience investing through multiple economic cycles.
